

Do-All Traps .38-.44 Steel Round Up

Steel Round Up dueling style targeting systems are the perfect challenge for single and double shooters. The targets have a right to left and left to right range of motion, giving the shooters the ultimate competitive challenge. The .38-.44 Steel Round Up has four large pistol caliber targets. This cowboy favorite makes any shooter feel like he/she is a true desperado set for a heated dual. You can holster just about any handgun you've got on this targeting system. The .38-.44 incorporates innovative adjustable spring technology that will provide many variables to the avid shooter. Just set your spring tension, pace your distance and pull the trigger.

1-866-SHOT DOC

1 Attach bent foot right and bent foot left to the base of the main frame target bar by lining up the diagonal holes.

2 Feed bolt through all three pieces, then secure with the washer, lock washer, and nut (in that order).
